Foreign Fellowships.

In the draft agreement between the Government of Mysore and the Rockfellor Foundation drawn up in 1927, Dr Sweet proposed that two foreign fellowships should be provided each year. He was informed that the Government would, subject to funds being available, be prepared to sanction two fellowships per year.

In September 1929, Dr Sweet sent a five years programme of fellowships both Indian and foreign. Government approved of it with some modifications subject to funds being available. The foreign fellowships agreed to therein and those actually sanctioned in different years are noted below:-

Year	Scholarships to be provided for study in	Particulars of the Government Order sanctioning.	Remarks.
1930-31	1 in Vital Statistics.	Not sanctioned in 1930-31.	
1931-32	1 in Sanitary Engineering.	To Mr. B.R.Garudachar in G.O.No.G.1456-61/P.H.21-31-2 dated 15-8-1933.	The Rockfellor Foundation sanctioned a Fellowship in Vital statistics to Mr.E.R.Sundararaj vide letter (J. 1166/1.H.18-31-4 dated 5-8-31).
1932-33	1 in Sanitary Engineering.	To Mr. K.S.Hutcha Rao in G.O.No.G.9808-11/P.H.77-31-5 dated 15-6-1933.	
	1 in Infant and Maternal Hygiene.		Not sanctioned. In the meeting with Dr.Heiser held in March 1933, Dr. Heiser stated that the Foundation was not interested in this.
1933-34	1 in Health Administration.		
1934-35.	1 in Health Propoganda.		

In regard to the fellowships to be provided for Health administration during the current year, kind reference is invited to the Notes of discussion with Dr.Heiser in March 1933, where it is stated that Dr. Heiser said that he would see about keeping a fellowshi available for this purpose. Dr.Karve who has been granted extension of service for one year is due to retire from 23rd September 1934. No proposals have been received in the matter of training an officer in Health administration till now.

It has been most gratifying to see the progress that has been made in the past few years and to have first hand information of the many avenues to health which have been opened up. It is my hope that we may be able to continue our effort to improve health conditions in Mysore. The malaria problem in the newly irrigated section, is a real challenge to science, and it is my hope that we may have a part in solving it. I hope you will convey to His Highness our appreciation of his graciousness to us. I also add my personal appreciation of the opportunities you have granted to discuss matters of mutual interest in so frank a way, and furthermore to express my gratitude for the many personal attentions you have bestowed upon our party. With sincere wishes for the steady progress of Mysore

I am,
Sincerely yours,

Victor G. Heiser

GENERAL SECRETARY 11 JUNE 1934

FROM

J. V. KARVE, Esq., M.B., CH.B. (Edin.), D.P.H. (Lond.),
Director of Health with the Government of
H. H. the Maharaja of Mysore, Bangalore.

OFFICE OF THE SECOND MEMBER OF COUNCIL. 13 JUNE 1934 No. C 2964

To

Second Member.

S.Abdul Wajid, Esq.,B.A.,
General Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

I have the honour to forward herewith for favour of perusal of Government copies of letters from General Russell , Director International Health Division, Rockefeller Foundation, America and Dr. Jacocks, a Foundation's representative in South India, in regard to fellowship for Mr. P.Parthasarathy Chetty and to state that I have forwarded to Mr. Parthasarathy Chetty the letter referred to in General Russell's letter.

From Dr. Jacock's letter No. 2/105 dated the 8th June 1934, it will be seen that Mr. Parthasarathy Chetty has to sail from Bombay on the 24th of August next. He will therefore have to leave Bangalore on the 15th of August at the latest, to enable him to obtain the necessary visas and other papers from the Consulate in Madras.

I therefore propose that Mr. P.Parthasarathy Chetty may be permitted to start on his deputation from the 15th of August.

I shall submit for orders of Government separate proposals in regard to the posting of Health Officer for Bangalore City.

It is recommended that Mr. Parthasarathy Chetty's period of deputation may be treated as on duty, he being given his full pay for the period.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Health.

Letter No. 2/69 dated June 2, 1934 from Dr.W.P.Jacocks, No. 81, Mount Road, Madras, to the Director of Health in Mysore, Bangalore.

I am pleased to enclose herewith a letter to you from the Rockefeller Foundation which was sent through this office relating to fellowship for Dr. P.Parthasarathy.

Dr. Parthasarathy should arrive in New York not later than the 22nd of September which means that he should sail from India about one month earlier.

I am making enquiries in regard to sailing from Bombay. Heretofore it has been found most convenient for fellows to sail by direct steamer to New York. I shall write later in regard to sailings.

C O P Y "

Director of Health.

Letter No. 2/105 dated June 8, 1934 from Dr. W.P.Jacocks No. 81 Mount Road, Teynampet, P.O. Madras, to the Director of Health in Mysore, Bangalore.

Please refer to my letter No. 2/69 of June 2, relating to fellowship for Dr. P.Parthasarathy.

I have received information from Bombay stating that "President Garfield" would sail on the 24th of August and arrive in New York on the 25th of September. This seems to be the most suitable sailing date and if agreeable to you and Dr. Parthasarathy, I should be glad to make the necessary arrangement.

You are probably familiar with the procedures which are necessary in respect to visas and other details required by the immigration authorities. If you wish I can look into these matters for you.

" C O P Y "

Director of Health.

Letter dated May 2, 1934 from Frederick F. Russell, Director, International Health Division, Rockefeller Foundation, New York, to the Director of Health in Mysore, Bangalore, through Dr. Jacocks Foundation's representative in South India.

I am pleased to inform you that a fellowship has been granted in behalf of Dr. P,Parthasarathy for a period not to exceed seven months, during which time it is understood that he will study at the Hopkins School of Hygiene for about four months and then have several months of field experience. As registration at Hopkins begins September 27, Dr. Parthasarathy should plan to be in this country several days ahead of that date, if possible.

The fellowship provides for a monthly stipend of $ 200 including family allowance and for the necessary tuition and travel in connection with the fellowship. Travel for members of a fellow's family is not included.

In the absence of Dr. Sweet from India, we are notifying our representative in Madras, Dr. W.P.Jacocks, of this grant and he will make the necessary arrangements for advancing the money required for transportation from India to the United States.

A letter notifying Dr. Parthasarathy of the grant is enclosed and we shall appreciate your kindness in transmitting it to him.
